Phone No.:	

Interest in participation

Please describe the reasons for your interest in the seminar by answering the following questions:

Why would you like to participate in this training course?

What experiences do you already have regarding the management of conservation sites (sites, duration, your role and task)?

MARISCO is a tool for “risk-robust, adaptive, and ecosystem-based conservation of biodiversity” – where in your work context do you see the need and opportunity for the application of such a tool?
